

Course Outline - End User Training

This one-day course will discuss the basic structure of TM1 utilisation, and review the functionality of TM1 in a hands-on environment. Its purpose is to give a good basic understanding of TM1 and its capabilities.

Who should attend:

This course is intended as an introduction to TM1 and would be of benefit to all TM1 users. The course will cover sufficient basic skills for students to use TM1 as a budgeting and reporting tool. Participants should have a basic knowledge of managerial accounting, spreadsheet programs (Microsoft Excel is used in this course) and the Microsoft Windows operating system.

What you will learn:
